1. Personal Emotional Reflection

This section encourages introspection about how the parental relationship affected the individual. Questions may include: What specific behaviors or incidents stand out from your childhood? How did your parents respond to your emotions? In what ways do you see these patterns in your current relationships? How do you feel when recalling interactions with your parents? Through honest answers, individuals can validate their feelings and begin to understand the emotional imprint left by their parents.

2. Identification of Parental Traits and Behaviors

Here, the worksheet prompts users to list and analyze specific behaviors exhibited by their parents. For example: | Behavioral Trait | Description | Impact on You | |||| | Blaming others | Parents rarely accept responsibility | Internalized guilt / defensiveness | | Ignoring boundaries | Overly controlling or intrusive | Loss of personal autonomy | | Emotional withdrawal | Avoidance of emotional conversations | Feelings of loneliness / invalidation | | Manipulation | Guilt-tripping or guilt-shaming | Anxiety / low self-esteem | By dissecting these traits, individuals can see patterns clearly and contextualize their childhood experiences.

3. Recognizing Triggers and Emotional Responses

4. Relationship Assessment and Boundaries

The worksheet may ask users to reflect on current interactions with their parents or other family members, focusing on: How do I feel during these interactions? This fosters empowerment and practical planning for healthier engagement.

5. Personal Growth Goals and Action Plan
