This combination of terms touches on several intersecting areas: the 23rd para (juz’) of the Quran, the specific term “habyqoxoles,” and the popular WordPress platform. Understanding how these elements converge requires a breakdown of each component and an investigative look at their relevance within digital Islamic content dissemination. The 23rd para of the Quran, also known as Juz’ 23, holds significant spiritual and educational importance for Muslims worldwide. It contains a collection of chapters (surahs) that are often recited for their profound messages and ease of memorization. As digital platforms increasingly serve as gateways for religious study, incorporating Quranic content into websites has become essential. WordPress, a leading content management system, offers versatile tools for presenting Quranic texts, translations, and interpretations in accessible formats. The 23rd para of the Quran includes Surahs such as Al-Mu’minoon (The Believers), An-Nur (The Light), Al-Furqan (The Criterion), and Ash-Shu’ara (The Poets), among others. These

chapters convey distinct theological, moral, and social teachings that resonate deeply with followers. Digitally, presenting these surahs involves accurately rendering Arabic script, providing translations, and facilitating audio recitations or tafsir (exegesis). Modern WordPress themes and plugins have evolved to cater to such needs.
