1. Building a Model Pyramid

One of the most iconic symbols of ancient Egypt is the pyramid. Students can create their own pyramid models using materials like cardboard, paper, clay, or even sugar cubes. This project gives hands-on experience with geometry and engineering concepts while exploring how Egyptians constructed these massive tombs. Tips to enhance this project: - Research the different types of pyramids, such as step pyramids and smooth-sided pyramids. - Discuss the purpose of pyramids and their connection to pharaohs and the afterlife. - Encourage students to decorate their models with hieroglyphic symbols or miniature statues.
