The Background of In Gods Name by David Yallop

Before diving into the core of Yallop's investigation, it's important to understand the context in which the book was written. Pope John Paul I's papacy was notably brief—lasting only 33 days before his sudden death in 1978. Officially, his death was attributed to a heart attack, but rumors and inconsistencies surrounding the circumstances raised many eyebrows. David Yallop, an investigative journalist with a reputation for digging beneath the surface, took on the challenge of exploring these discrepancies.
