Early Life and Background

Mark Zuckerberg was born on May 14, 1984, in White Plains, New York. Raised in Dobbs Ferry, a small town in Westchester County, he showed early signs of brilliance and curiosity. His father, Edward Zuckerberg, was a dentist, and his mother, Karen, a psychiatrist, providing a stable and supportive environment. From a young age, Zuckerberg exhibited a keen interest in computers and programming. By the time he was in middle school, he was already building software programs, including a messaging system he created for his father's dental practice. His early exposure to technology laid a strong foundation for his future endeavors.

Educational Foundations and Programming Passion

Zuckerberg attended Ardsley High School before transferring to Phillips Exeter Academy, a prestigious preparatory school. There, his programming skills flourished. He developed various software projects, including a music player called Synapse, which reportedly attracted attention from tech giants like Microsoft and AOL. It was in this environment that he developed the

initial concept for Facebook.

The Harvard Years and the Birth of Facebook

The autobiography of Mark Zuckerberg often highlights the Harvard chapter as a pivotal period. In 2004, while still a sophomore, he launched “Thefacebook,” originally intended as an exclusive social networking site for Harvard students. The platform's rapid adoption within the campus revealed a latent demand for online social connectivity. Zuckerberg's vision extended beyond Harvard's borders. By the end of 2004, Facebook expanded to other Ivy League universities and then to colleges nationwide. This exponential growth was driven by Zuckerberg's technical direction and strategic decisions, including the company's eventual relocation to Silicon Valley.

However, critics argue that Facebook's business model inherently incentivizes data exploitation.

Impact on Society and Misinformation

The platform's role in spreading misinformation and its influence on political processes have been hotly debated topics.
